Tom also recorded a second disc in summer 2009 on the Cathedral organ. It's of organ works by contemporary composer Judith Bingham. There are some interesting pieces on the disc, including the concerto, *Jacob's Ladder*, where Tom is joined by the acclaimed group, The Dimitri Ensemble. The repertoire in this programme reflects a cross-section of Judith's themes and work both recently composed and newly arranged.

This CD will be released officially in July, on the Naxos label, so may be purchased as per above at the budget-price of £5.99.
